Scope

- Enable Export Compliance to monitor:
 - Product Classification & ECCN Setup
 - Export Control/License Determination Rules Setup/ License Setup
 - Setup of regulations like EAR / ITAR
 - Enable loading of the content like ECCN files

Benefits

- Meet regulatory export requirements
- Streamline export control & compliance process
- Automation of the Export Documentation

Scope

- Enable Export Customs Management in GTS to allow goods to be exported and filed with relevant customs authorities
 - Product classification setup
 - Export control & License Setup
 - Enable Customs Export Template
 - Enable PDF forms like Commercial Invoice / SLI / Certificate of Origin
 - Enable Self Filing with Customs Authorities certified with GTS

Benefits

- Streamline Export Process
- Meet regulatory export compliance needs
- Expedited customs clearance process
- Automation of the Export Documentation

CUSTOMS IMPORT

Scope

- Enable Import Customs Management in GTS to allow goods to be imported and filed with relevant customs authorities
 - Product HS Classification Setup
 - Import Permit Setup
 - Enable Customs Import Template
 - Enable PDF forms like Import Invoice / Customs Clearance, etc.
 - Enable Import Self Filing with Customs Authorities Certified with GTS
 - Enable Special Customs Code List (i.e. OGA, FDA, etc.)

Benefits

- Streamline Import Process
- Meet regulatory export compliance needs if any
- Expedited import clearance process
- Automate filing of the Import Documentation with customs

BROKER ENABLEMENT

Scope

- Broker Enablement in the Customs Module in GTS to allow goods to be exported or imported and filed with relevant customs authorities with help of the Brokers
 - Sending Entry files to Broker via GTS
 - Send Product Classification Data to Broker
 - Receive the Filing Confirmation from Broker
 - Leverage Standard templates for sending data via web services

Benefits

- Streamline Broker Process
- One Place for all Broker Filings
- Send Classification Data from GTS to Broker for Simplified Filings
- Efficient, Effective and Accurate Process
- Automated vs. Manual Process

PREFERENCE / FTA

Scope

- Setup of the Free Trade Agreement in the system like USMCA
- Enable Preference Determination
- Enable Loading of the Rules of Origin
- Enable Long Term Vendor Declaration Solicitation (LTVDs)
- Enable Recon & Duty Drawback Process

Benefits

- Take advantage of the duty savings from the FTA's
- Reduce & Eliminate Tariff on the Imports
- Return on Investment
